#MY LEARNING MY WAY

Eminent Faculties
Engage with experts using interactive, technology-enabled virtual classrooms

Anytime Learning
Gain from recorded lectures, programme handouts, and recorded lab content

Industy Endorsed
Co-Developed Co-Designed Co-Delivered by Industry Experts

Experiential learning
It allows learners to apply concepts learnt in classroom in real work situations

Virtual Labs
Access Virtual Lab to learn and apply fundamental and industrial concepts

24by7 Support
On-demand real-time technical and remote support to help learners

Continuous Assessment
Progress is evaluated throughout the programme

Self Learning
Support through Comprehensive Self Learning Materials

Student Experience

Interactive and Engaging E-classes

- Highly interactive and engaging sessions by distinguished professors
- Ask questions, and involve with professors and peers in e-classroom
- Explore experiential learning that allows learners to apply concepts learnt in classroom in simulated and real work situations

Flexible Learning at Ease

- Learners can access engaging learning materials at their own pace and convenience which includes recorded lectures from faculty members, course handouts and recorded lab content.
- Access study material and on-demand videos at any time, at your convenience
- Regularly test your knowledge with practice assignments and assessments

Online Mentoring

- Navigate the virtual learning journey with programme mentors
- Exchange ideas and opinions with professors and counsellors
- Get help and support at any point, for any issue

Industry Insights and Exposure

- Insights from industry experts through Industry Expert Connect, Expert Speak, and Online webinar series
- Learn the fundamentals and how to apply them to real-world environments
- Attend industry talks and events and broaden your worldview.
